

致谢 ! LF AI Day (Thanks! LF AI Day)

主办方(Organizer): LF AI Foundation

协办方(Co-organizer): Huawei, Tencent, Baidu, Alibaba, DiDi, WeBank, Tesra

赞助(Sponsor): Huawei, Tencent

随着我国率先进入 5G 的商用部署,真正的智能时代已经来临了,但是我们仍有很多技术问题需要深入探讨和切实解决,需要来自不同行业、不同技术领域的人士携手合作。

With China's first commercial deployment into 5G, the real era of intelligence has arrived, but we still have a lot of technical issues that need to be explored and solved in a practical way, and people from different industries and different technical fields need to work together.

2019年9月17日在上海华为研究所举办的首届中国区LF AI Day中,来自华为、腾讯、百度、阿里云、滴滴、Tesra超算网络和微众银行等多方资深技术专家齐聚一堂,分享AI的应用与实践,现场参会百余人,线上直播点击率达1500+。错过现场的伙伴们,小编为你准备了现场花絮,一起来回顾下大会精彩瞬间吧!

On September 17th, 2019, at the first LF AI Day in China, held at the Huawei Research Institute in Shanghai, senior technical experts from Huawei, Tencent, Baidu, Alibaba Cloud, DiDi, Tesra and WeBank gathered to share the applications and practices of AI. Online live-streaming viewing hits rate exceeded 1500 more. Folks missed the scene of the whole day live event, Huawei Editor prepared for you event tidbits, together to review the wonderful moments of the General Assembly!

Topic- NAIE Cloud Services: One-Stop Development of NAIE in the Field of ICT Networking

肖涵博士, 腾讯 AI Lab GNES 项目组负责人, LF AI 基金会董事

Dr. Xiao Han, Head of Tencent AI Lab GNES Project Group, Director, LF AI Foundation

议题- **GNES：基于深度学习的云原生通用搜索引擎**

Topic- GNES: Cloud-native Universal Search Engine Based on Deep Learning

林立翔 (笋江), 阿里云技术专家

Lin, LiXiang (Sun Jiang), Ali Cloud Technical Expert

议题— **擎天：高性能 AI 云加速引擎**

Topic- Dynamo: High-performance AI Cloud Acceleration Engine

张辉, 滴滴资深算法工程师

Zhang, Hui, DiDi Senior Algorithm Engineer

议题— **DELTA,深度学习语言平台**

Topic- DELTA, Deep Learning Language Platform

黄之鹏，华为 MindSpore 运营专家

Huang, ZiPeng, Huawei MindSpore Operations Specialist

议题- **华为在人工智能相关开源社区的协作介绍**

Topic- Huawei's Collaboration in the Open Source Community Related to Artificial Intelligence

肖品，腾讯 Angel 技术负责人

Xiao, Pin, Head of Technology, Tencent Angel

议题- **Angel 上的 PyTorch：一个轻量级的高性能分布式 PyTorch 平台**

Topic- PyTorch on Angel: A lightweight, high-performance distributed PyTorch platform

兰毅, Tesra 超算网络技术负责人

Lan, Yi, Head of Tesra's Supercomputer Technology

议题- **AI 边缘计算的分布式支撑网络**

Topic- Distributed Support Network for AI Edge Computing

王先超, 华为 NAIE 云服务运营工程师

Wang, Xianchao, Huawei NAIE Cloud Service Operations Engineer

议题- **电信领域数据治理**

Topic- Data Governance in the Telecommunications Field
