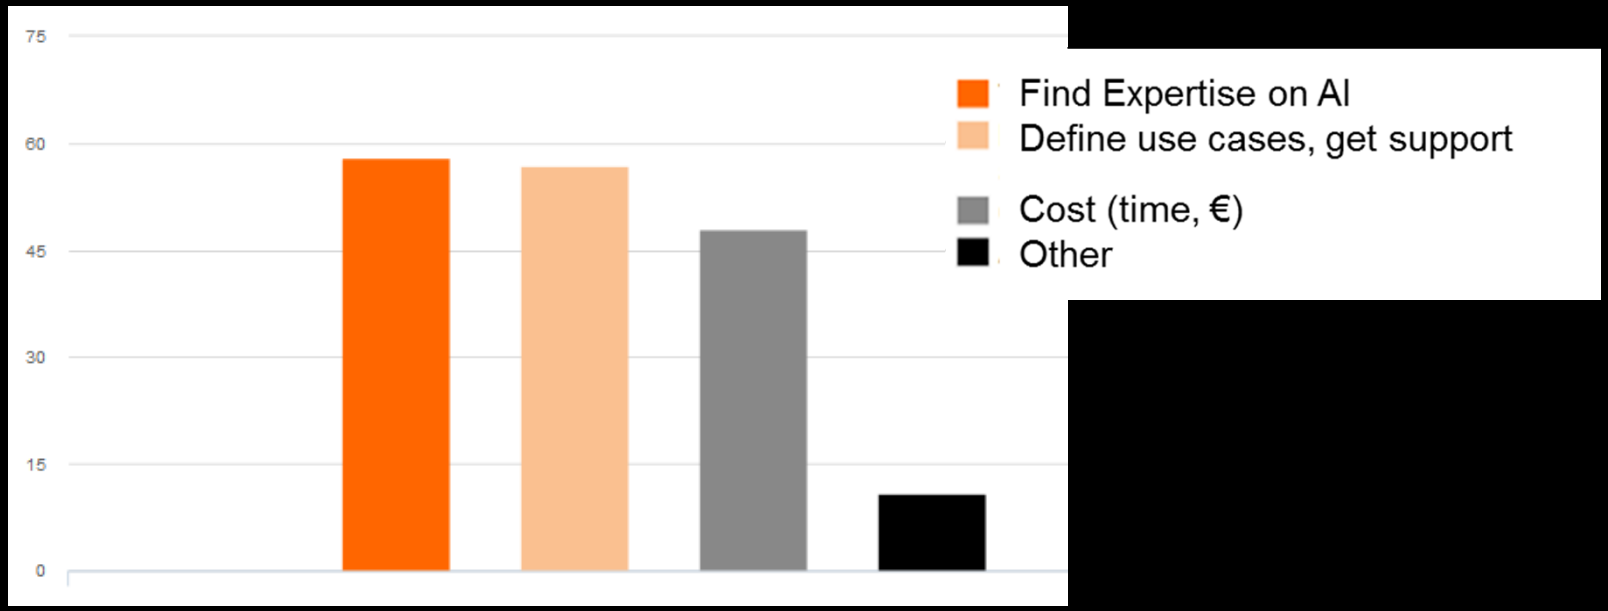
Listening to B2B Customers…

« What are the barriers you're facing in developping and deploying AI? »



50 French companies surveyed – Jan-June 2019

Hmm… Are you sure we need AI?

Lack of clear Strategy

Difficulty to describe an AI use case and translate business benefit

Uncertain/Low expectation of ROI

AI Project… is too challenging

Multiple environment/tools constrain
End to End Solution

Lack of Talent to develop

Difficulties to deploy and scale

AI in my business… are you sure?

Data supply chain not ready

Lack of Trust and Security
