Presentation Overview

Session Title:

LF AI Foundation Mini Summit

Description:

The LF AI Foundation's mission is to build and support an open AI community, and drive open source innovation in the AI, ML, and DL domains by enabling collaboration and the creation of new opportunities for all the members of the community. We invite you to join us for our LF AI Foundation Mini Summit where we will cover the latest updates from the Foundation, Technical Advisory Council, Trusted AI Committee, technical projects and more. We look forward to uncovering new collaboration opportunities among our growing community. Join us!

Cost:

Complimentary with OSS EU registration. Attendees must be registered for OSS EU in order to attend.

Planning/Meeting Notes

Add planning or meeting notes here for collaboration among event planning participants

- **Tracking for Event Lead Participants:**
 - Alka Roy, alkaroy11@gmail.com - Trusted AI Committee: Mini Summit topics, content organization
- **Tracking for Interested Participants:**
 - [Travis Addair](#) - Horovod Project : I have a talk that has been accepted for OSSNA, so I'd be happy to participate in the LF AI Summit as well. Would be great to do a tutorial or similar as we did last year.
 - Note: If event is virtual, can cover content during both OSS NA and EU sessions
 - [Animesh Singh](#) - Trusted AI Committee: Block for Trusted AI updates.
 - Note: If event is virtual, can cover content during both OSS NA and EU sessions
 - Sophia Aryan, sophia@simiotics.com - ML Workflow & Interop Committee: I can commit couple of hours per week - if it would help you. I can help with marketing communications, social media support, finding great speakers, setting the program.
 - [Maureen McElaney](#) - Trusted AI Committee: I am on the waitlist for OSS NA for my Trusted AI workshop. I'd love to be involved with any planning we have for these conferences.
 - [Wenjing Chu](#) - I have a talk accepted in the LF Membership Summit that was cancelled due to the pandemic. I'd be happy to participate in the LF AI Summit. The topic is the promising building blocks to enhance human trust in AI & ML.
